Due to **National Facilitator** Toni Twiss 20th May, 2011

Please note changes to timetable due to Milestone release being after the due date.

Week 3 bookings have been swapped with Week 4

.2 Upload a succinct summary of your reflections into the VLN

During the course of the year your cluster will have been reflecting online on certain aspects of your cluster programme. This abstract should give readers some clarity for the context that your reflection was created in, this may include:

Year level

Cluster type

Context

Research model used

Intentions

Interventions

Impact on students/teachers/whanau

Links to your actual reflection

Links to classroom practice

One indepth example will be provided for each Cluster which Paula will put on the VLN

But as discussed we will be placing less formal reflections into our Rotorua Teachers Talk and Rotorua Students Talk Blogs.

.3 Provide a summary of progress towards cluster programme goals. Include any relevant information that is not recorded in your online professional reflections at this point.

With reference to the goals and success indicators in your contract (variation) the leadership committee will need to provide:

- a) a summary of progress that has been made towards achieving your programme goals
- b) a summary of the supporting evidence for this
- c) the key lessons for the cluster
- d) the next steps towards achieving the cluster goal/s
- e) a list of any emerging issues, risks, or opportunities particularly in relation to service delivery and reporting requirements
